

Decouple Commendations from AGM

Andrew Cooper, UK Vice-Chair (Membership and Administration), will ask members to comment and vote on the proposed motion: Decouple Commendations from AGM and feature commendations during National Conference Awards Ceremony.

As this decision does not amend the constitution, it will be passed by a simple majority of votes cast.

Background

Commendations have always been awarded during the AGM. As these are a sector recognition, we feel these are best placed during the HELOA Awards, which takes place during National Conference.

Proposal

Due to Conference taking place before AGM, we wish to decouple Commendations from AGM and in future run these during National Conference and thus change the Standing Orders to reflect this.

Andrew Cooper

UK Vice-Chair (Membership and Administration)
