During the past year I have supported the Office (thank you as always to Dawn & Louise) and the Executive with preparation for AGM.

This year we have created two new spaces for conversation, with Facebook Chats for regional members and our new Postgraduate forum with FindAUniversity and will look at new forums in the new year.

We now have a few years of membership data sets, which is helping Groups and Training how best to support members. See below engagement in training opportunities per group.

I would like to thank our first National Representative for Associate Members Alastair Harman for his work creating the role and like to thank our new representative Chloe Sinclair for her work engaging members. Finally thank you to all the amazing members across the country supporting students. It is great seeing best practice and our Commendations and Awards always impresses me with the lengths our members go to, to ensure students receive relevant and informed information.
